The Network, in cooperation with the New Mexico Commission on the Status of Women, initiated the NMNWSE **IMPACT!** Award in 2007 to recognize the contributions of women in New Mexico. This fall, the 10th Annual New Mexico Network for Women in Science and Engineering **IMPACT!** Award will be presented to a New Mexico woman for her extraordinary efforts in furthering the goals of the Network:

***encouraging women to enter into and develop their careers in science, engineering, and allied professions.***

The honoree will be recognized during the Networks' Annual Meeting and Technical Symposium, which will be held in late October.

Nominations are being sought from all geographical areas of our state from individuals, organizations and businesses. **Nominators and Nominees do not need to be members of NMNWSE.** Nomination forms plus instructions and submission requirements are enclosed. **2016 Nominations are due September 16, 2016.** Further copies can be downloaded at the URL above, which also links to information on the Network and the Commission, as well as registration information for the Network's Annual Meeting.

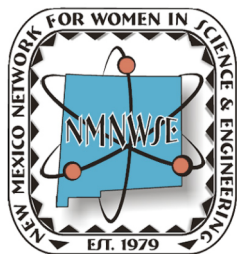

For the purposes of this award, science and engineering is defined to include mathematics and all engineering fields as well as the physical, biological, behavioral, medical, and social sciences, and related technical and non-traditional fields. If you have questions about the award nomination process, the purpose of the award, or the Network, please contact the NMNWSE **IMPACT!** Award Co-Chairs Phyllis Baca (505-490-1557, [phyllis.baca@sfcc.edu](mailto:phyllis.baca@sfcc.edu)) and Tinka Gammel (505-690-1318, [jtg@lanl.gov](mailto:jtg@lanl.gov)), or the NMNWSE Board at the address above.

At the network, one of our main goals is to really thank each and every one of our members for taking the time to encourage women to participate in the world of Science, Technology, Engineering, and Math. We hope you will consider nominating outstanding women from your organization who have been actively involved in educational outreach, re-entry programs, networking, and/or mentoring, or who otherwise have encouraged or promoted equal participation by women in science and engineering.

Sincerely,

*Phyllis Baca*

The New Mexico Network for Women in Science and Engineering began in 1975 with a core group of faculty and staff from UNM wanting to reach out to women in science as a group. Incorporated in 1979, the Network works to encourage and help women enter and succeed in Science, Technology, Engineering and Math (STEM) careers and promote networking and communication among members by providing regularly scheduled meetings, talks and other local activities. About 1000 teens each year attend our technical career workshops. Our Annual Meeting and Technical Symposium provides members an opportunity to present technical papers in a supportive environment as well as professional development and networking opportunities.

In 1974, the NM Commission on the Status of Women was created by state statute to increase the knowledge of the rights, responsibilities and interests of women and girls in New Mexico and to preserve women's history and contributions to our state. The office is charged with conducting statewide studies on the status of women, acting as a clearinghouse and referral service on issues impacting women, recommending methods to overcome discrimination against women, promoting methods for women to develop their skills and continue their education, hosting periodic statewide conferences for women, collaborating with other entities working with women and securing recognition for women's accomplishments and contributions to New Mexico. The commission was terminated in 2011 by Governor Martinez.
